- Bundled with MyDisc software

FULLY AUTOMATED DISC PUBLISHER

DiscSpencer is the industry's smallest and most affordable disc publisher. It features an integrated CD/DVD recorder with inkjet printer and 25 disc automated handler. The innovative compact design provides automation for those seeking a small, reliable and affordable disc publishing solution.

OPTIMIZED PERFORMANCE

Designed for professionals who need to create and distribute small quantities of CDs and DVDs, DiscSpencer attaches to your PC or Laptop via USB cable. It frees up valuable time by completely automating the process of burning and printing your discs for you. DiscSpencer sets up out of the box in minutes. MyDisc Software is included for your disc creation, burning and label printing requirements. An API is available for integrated publishing solutions.

DiscSpencer

INCLUDED SOFTWARE

MyDisc software provides the user with a simple interface for creating their discs either from a collection of files, or from a pre-saved disc image file. This award winning software was introduced ten years ago. Now highly refined by our software team in cooperation with our customers' feedback, MyDisc is truly a world class product. The powerful yet easy to use software has too many features to list here, but you can view more details on our website using the following link: www.microtech.com/Products/MyDisc.html. MyDisc is included with your purchase of DiscSpencer!

APPLICATIONS

DiscSpencer is ideal for just about any industry or market where physical media is being produced in low volume including: Music • Video • Service Bureau • Gaming • Medical • Banking & Financial • Government • Software • Telecommunications • Manufacturing • Surveillance • Email Archive • Regulatory Compliance • Disaster Recovery • Records Retention
